## Excel's new website and Cambridge FCE

**EXCEL'S WEBSITE** The new Excel website is finally up and going! It has taken quite a while (as these things often do!) but it is great to see a modern look complete with some new photos. It has been designed to compliment

the new school brochure as well as using a programme that allows changes to be made very easily. This will allow the future addition of online testing, photo albums and the ability to maintain a modern, vibrant website.

Take a look and let us know what you think. If there are other links to websites that you have found useful and think that other students would benefit from, let me know and they can also be added.

**CAMBRIDGE FCE COURSE** Is starting to fill quickly and even if you missed out on the early enrolment offer it's not too late to sign up to this world renowned course. Richard, Excel's own Director of Studies will again be the teacher and with over 14 years' experience teaching Cambridge exam courses and 7 years as an examiner, he must be the teacher of choice! Contact us now to ensure you don't miss out!

### Student testimonies

*"I've enjoyed my time studying here. Although it's been a short time, I've met some great friends from different countries and great teachers. It's my pleasure to have spent my time with you all".*

**Tao Hsuan CHEN TAIWAN**

*"Thank you for everything. I could meet a lot of people - Korean, Chinese, Taiwanese, Saudi... and Japanese! I don't like studying grammar but the teacher made it more than study. It was so fun. Awesome!".*

**Haruka AOTO JAPAN**

## Recent activity

On a grey drizzly afternoon it is always nice to be able to spend some time inside. Students recently spent the afternoon at a local gymnasium playing badminton. While there were no outright winners they all did have a great time!
