## Study beyond Excel

Increasing your level of English can open many doors of opportunity both in NZ and around the world. It might mean that you can continue your studies in a University, increase your chances for a promotion or even obtaining a better paying job.

Excel English College have relationships with a number of Tertiary providers in Christchurch to enable you to do this and are now happy to report that we have just signed an agreement with Education Centre Australia.

This means that if you would like to spend some time studying English in Sydney or attend Victoria University we can help with your plans. For students choosing to study at both **Excel English College** and the **English Language School in Sydney** we can offer you a special promotion. Making the most of every opportunity in life is so important and we are committed to helping you do exactly that!

## Recent activity

Spring has started in Christchurch with temperatures some days 5-6 degrees above the usual for this time of year. It's a wonderful time to get out and enjoy all that the Garden City has to offer.

Last Friday we had our annual **Hanami Party** (Spring welcoming party) in the Botanical Gardens. It was a glorious afternoon and a lot of fun was had by all.
