## HAPPY CHRISTMAS

Now that Excel has a new College building we are getting settled. We now have time to look out the window. We see sunshine, blue skies, clean air and many flowers and green leaves.

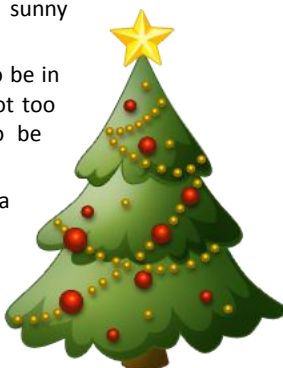

December is the official start of Summer. The ocean will be warm enough for swimming and surfing and there will be lots of sunny days.

It is the best time to be in Christchurch. It's not too hot so it's nice to be outside.

We wish all our friends a Happy Christmas.

It is a time for holidays and family in New Zealand and many Kiwis will travel. We also look forward to a great 2011, the Year of the Rabbit.

You noticed there was no November **ExcelNews**? You're right! We have been getting ready for 2011 so this is the last edition for 2010.

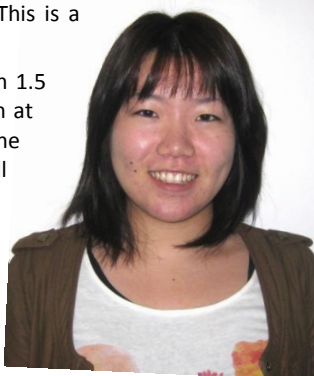

## FAST LEARNING!

Recently Japanese student at Excel, Rie Toyota, completed her IELTS exam. She achieved a **6.5** IELTS score! This is a high standard of English.

But it was so fast! Rie jumped more than 1.5 IELTS levels in just six months. She began at Intermediate level then graduated to the IELTS class where she quickly gained skill and confidence.

What was the secret for her success? Rie says it was a lot to do with her teacher, Adrian. Adrian says it was Rie who should have the praise for her achievement because she worked hard and gave every task a try. He says her speaking was extra good.

Excel has not raised prices for a long time. Now The College is in a great space and our classes all have very good, native-speaking teachers. Taxes have increased in New Zealand and so has the price of everything.

Studying with Excel is still very good value. Living in Christchurch is cheaper than many places in the world and it is a living environment where students can learn a lot, have fun, eat well and enjoy life.
